**SUMMARY**

Life in Chicago

22-2-07.

My dear father.

All good wishes for the coming new year, hoping you will have an enjoyable <sup>day</sup> in spite of the loss - Many happy returns! I admit my correspondance is not very lively - but firstly I have nothing to tell and secondly my work takes quite a lot of time - besides my work consists mainly of writing - so of course I don't feel specially inclined for writing letters. - My studies takes quite a lot of time, we commence at 8 o'clock and is finished at 5 p.m. After supper we have, as a rule, at least 2-3 dictations to write, which takes 2 hours about - thus one is tired

CARLSBERGFONDET

It is very interesting work and I am awfully busy. The best gift, I can give you - I think - will be a well finished Examination and I will endeavour to do so!

We have had the advantage of Sir Henry Irving's visit here in town for a fortnight - He played "Louis XI" "The merchant of Venice" "Waterloo" and "The Bells" I saw him in every piece. He is certainly a great man.

When I attend theatres and see good noble acting, I am always thinking of you - Surely you must have been happy, when you saw all the good artists, whom you have seen - and one thing more - you had a wife, who felt and understood the same as you and with whom you could enjoy pleasures of life! - Now the best opera company from N.Y. is coming it includes some or rather several of the best singers in the world now a days. Madames Calve, Leubrick

and many other great things - They  
are going to give "Kautsky's" "Fogel"  
"Tackvord" "Selvner" and several  
"This with "Kronen" papers. - Tracy  
"Carnegie" every by Calve and compare  
"her with the "Book for our report -  
"Enriched the "Garden of Angels" as  
state of "The "Garden and as part!  
There is truly a great change! - They  
may be in "New York on our return  
and we might not to fail to see  
them! - "I have very - yes, extremely  
glad - "You are extremely - "I do not  
begin to feel some else or become  
any less - so when you are here  
we shall have a great time - "I  
speak to "Dr. Haines" to day about  
a place for our "garden" but we  
did not fix anything particular  
"He thinks or rather "Haines" - it  
will be his responsibility to  
see "epitaphic part".

So we will have to cut it out  
"Towns, which are most all, are:  
"Michigan, Washington, D. C.,  
"also important are Boston and Philadelphia.  
"That means we have to make  
to get the highest "I know or about  
one week to read from (Chicago and  
"New York included).  
"I received a very kind letter from  
"Miss Langford to day, in which he  
invites me to come over great "Boston  
"home, and then stay with him -  
"But that's off!  
"Do give my best regards to "Portland  
"- it is a shame, we are so different  
in age, she are might be still better  
"friends, he is a fine fellow!  
"Thank "Pride" for his letter, when  
"I feel inclined to write.  
"Compliments to all and to  
"Special especially "our good nature  
"and show in "Papa".
